

# Product SPECIFICATION SHEET

ED0002, 0003, 0004

Stick-A-LED warning lights are compact high intensity auxiliary LED's designed to provide a powerful warning signal with fast and easy installation. The unit requires only a single wiring hole and a simple 2 wire connection to install, no fasteners are required. The self adhesive peel-and-stick backing allows placement on any flat surface.

Available in 3 shapes: Oval and Triangle (3 LED's) and rectangle (6 LED's)

Each model features a tough Polycarbonate base and lens with integrated optics.

Available colours Amber, Red, Blue and Clear

Quad flash Opattern

#### 3 LED Models:

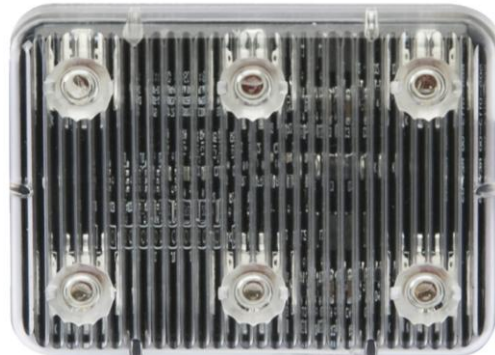

Volts: 12 to 24VDC

Amps: 0.6A

#### 6 LED Model

Volts: 12 to 24VDC

Amps: 0.75A
