New Energy

- Mini Car Inverter
- CAR series Modified Sine Wave Inverter
- P series Pure Sine Wave Inverter**
- ENC series Battery Charger
- UPS series Inverter with Charger
- Solar Charge Controller
- C series solar charge controller
- CD series solar charge controller
- ENS series solar charge controller
- MPPT series solar charge controller
- SLC series solar street light controller
- SI series
- CNT series DC To DC Negative Booster
- CNT series white type negative booster
- CNT series black type negative booster(New)
- AVS series Automatic Power Switcher
- ST series Voltage Transformer
- Voltage Regulator
- SVC series motor type voltage stabilizer
- AVR series relay type AC voltage stabilizer
- TNS series motor type three phase AC voltage stabilizer
- SBW series voltage stabilizer
- TSD series wall-mounting voltage stabilizer
- TDGC2/TSGC2 Series Contact Voltage Regulator
- Switching Power Supply (SMPS)
- D series Dual output switching power supply
- HS Series Compact Single Switching Power Supply
- S series single output swithing power supply
- Q Series Quad Switching Power Supply
- T series Triple switching power supply
- NES series high efficient switching power supply
- SP series single switching power supply
- SC series UPS function monitor power supply
- LED Power Supply
- LPV series LED constant voltage waterproof switching power supply
- LPA series LED Constant current

Pure Sine Wave DC to AC Power Inverter 600W – P600

Products Description :

CARSPA pure sine wave inverter offering superior quality true sine wave output, it is designed to operate popular power tools and sensitive loads. Connect CARSPA 600W pure sine wave inverter with battery terminals, then you can get AC power for your appliances, the AC output identical to, and in some cases better than the power supplied by your utility.

Products Features:

- Input & output fully insulated
- High Surge: high surge current capability starts difficult loads such as TVs, camps, motors and other inductive loads,
- Grounding Protection : there is terminal in front panel, you can ground the inverter.
- Soft start : smooth start-up of the appliances.
- Pure sine wave output waveform : clean power for sensitive loads.
- AC output identical to, and in some cases better than the power supplied by your utility
- Cooling fan in the inverter is thermally activated and comes on when the inverter becomes warm, and turns off automatically after the inverter has cooled.
- Low total harmonic distortion : below 3%
- Two LED indicators on the front panel shows the working and failure state.

Protection Function :

- Low voltage alarm & Shutdown
- Over voltage protection
- Overload protection
- Over temperature protection
- Short circuit protection
- Reverse Polarity protection
- Soft start
- Auto.reset after being in protected
- Grounding protection

Details :

Model	P600-121	P600-122	P600U-241	P600U-242
Rated Power	600W			
Surge Power	1200W(few seconds)			
Output Voltage	110V	230V	110V	230V
Output frequency	50/60Hz ±3			
Output waveform	Pure Sine Wave			
Input Voltage	12V		24V	
Dimension	260*150*77.7mm (L*W*H)			
Net Weight	1600g			
QTY /Ctn	6pcs			
Packing	Gift box			
Meas./Ctn	57.5*30.5*30cm			
Brand	CARSPA or OEM			
Certification	CE-EMC/LVD,RoHS, E-mark			
Warranty	24 Months
