Sounders
Symphoni Voice +

voice+

The Symphoni Voice+ is an ultra-low current sounder that can be supplied with up to 16 voice messages. Normally the unit is loaded with 3 commonly used messages. The sounder also has international tones available and a user selectable setting so that messages can be played without the use of a tone.

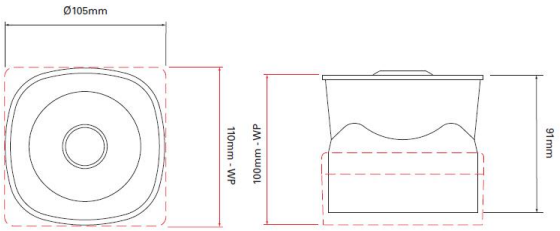

Features
- Up to 16 messages
- 7 user selectable tones
- Bespoke message creation
- Low 4mA current consumption

Benefits
- Fire, alert and general warning messages available
- Easy to configure at installation
- Any message, in any language
- Maximises the number of units on a circuit
